MEMORANDUM FOR: Chief, Administrative Branch, DPD

ATTENTION: Personnel Officer

25X1A SUBJECT: Replacement for [REDACTED]

25X1A 1. I have reviewed the records of the officer proposed as [REDACTED]
25X1A [REDACTED] replacement and do not feel that this individual would meet all desired qualifications.

2. In addition to the necessary technical qualifications in photographic equipment and aerial reconnaissance techniques and procedures, subject replacement should be a rated pilot. I consider this desirable for two reasons. First, to bridge the gap between the technical aspects of any equipment problem and the employment of such equipment in actual aerial operations. Secondly, I prefer to be able to utilize this officer in a dual capacity as an Air Operations Officer (AFSC 1A16) when necessary.
25X1A This latter function has been performed by [REDACTED] on many occasions.
